

Empowering and Motivating You to Succeed!

Eric Bailey's Profile

Travels from: Los Angeles, CA, US & Australia

“The ability to see yourself in the future begins with the realization that the future starts in the present.” – **Eric Bailey**

Eric Bailey's guiding principle can be summed up in a single word – vision.

Whether creating a successful business or the life of your dreams, the outcome you truly desire is not something that happens magically. You need a clear picture of what it is and what it looks like. Eric has helped over 1.5 million people craft visions for themselves and their organizations and manifest these into reality!

Eric is one of the world's foremost speakers on the subject of motivation and vision. Drawing on successful careers in professional sport, executive management, sales, and as a husband and father, Eric is the spark that can ignite the burning passion that dwells in each of us. He draws on his unique life experiences and a wealth of knowledge in the field of personal and organizational excellence to create powerful and inspiring keynotes that leave audiences in awe. With presence and personality, he commands a room like few can.

His message has been delivered across media channels. Eric hosted an Australian radio call-in show for 3 years and also wrote a weekly newspaper column called Body and Soul, both on the subject of health and motivation. He has appeared on television as an expert in the field of personal development as well as an ex-pro athlete.

Eric holds the Certified Speaking Professional (CSP) designation, conferred by the National Speakers Association and the International Federation for Professional Speakers. The CSP designation has strict standards and a rigorous five-year certification process during which speakers must demonstrate both experience and expertise. Less than 10 percent of all speakers worldwide have this certification and it represents one of the highest achievements possible for a speaking professional.

Eric continues to inspire audiences around the world with his story and the incredible power of vision. He has delivered talks and training sessions to many multinational corporations, including Nike, McDonald's, Ford, Nissan, Reebok, Toshiba and Canon, to name a few. He has also brought uplifting, youth-focused messages to students at hundreds of schools around the world.

Let the visionary power and teachings of Eric Bailey transform your next meeting or conference into something extraordinary!

Testimonial: *As President of an association, it was imperative that the keynote speaker deliver his presentation in conjunction with my message. Eric Bailey's professionalism was outstanding as he created that overlay, resulting in a product with pure passion. Eric's stories, his fight as a young man, his persistence towards the goal had all of us on the edge of our seats as he distributed a feeling amongst all of us that "changed" our lives. To listen to my constituents, my 15-year-old son whom I invited, and countless others come up to Eric afterwards and sincerely thank him for the thoughts and course of action instilled, was a true testament of Eric's ability. He was able to reach through the inhibitions of the business-setting and access what we are all so tentative to show and share. We look forward to bringing Eric back in pursuit of building on what he has started.*
