His unique ability helps people to align with their goals in a peer-to-peer setting, challenge each other, and create their own success. Many people have achieved amazing results from these strategies, which has earned Chad the moniker of "The Mastermind."

When it comes to strong, decisive, and empathic leadership, nobody lives, it, teaches it, and develops it like Chad. His passion and enthusiasm make it possible for him to lead people to higher levels of success in their own lives.

In his book, *"The Power of Peopletizing: Networking your Way to an Abundant Life,"* Chad writes about overcoming obstacles, asserting oneself positively in the world, and giving back. These themes, which have defined him along his own journey and helped him build a highly profitable financial services enterprise, form an important cornerstone of his leadership keynote. Through his Strategic Mastermind Groups, Chad continues to set the example, encouraging others to embrace adversity, assume accountability, and grow.

Chad's generosity seems to know no limit. As founder and president of Special Kids Network, a fundraising arm for several charitable organizations that assist children with special needs, Chad sees the bigger picture of life. He contributes value to physically challenged children by creating opportunities through which they can find enjoyment and feel part of a loving and caring community.

Testimonial:

"Chad recently spoke at one of our events on leadership and personal development. This topic was a test for our market, as we traditionally produce more technology related topics. The feedback was outstanding. Not only did Chad deliver an outstanding presentation, many members of our audience told me that they experienced personal growth and followed up with Chad to invite them to talk to their organizations. If you have the opportunity to use Chad at your next conference or event, do so!"
