Testimonial:

"Dr. Andrea Johnson spoke at an event I hosted for business owners regarding the impact of credit on business lending. What she shared was very valuable and provided guidance to the audience on how they can successfully navigate the business loan environment with a desired outcome.

My fraternity has an obligation under one of our national programs to provide financial literacy to the community. I will be calling on Dr. Johnson to speak on our behalf to meet the obligation of that national program mandated by national headquarters."
